Poster Session

Tandem Development of Competence Based Curriculum Model and ICT Systems of Curriculum at Vaasa UAS (VAMK)

Speaker: Mira Pihlaja, Janne Saarela, VAMK University of Applied Science

Abstract:

The development of competence based curriculum model and the ICT systems of curriculum has been carried out side-by-side at the Vaasa UAS (VAMK) during the last five years. The planning of new curriculum model started at internal development groups during 2006
