

E-Learning Task Force

Technology-enhanced learning on campus: insights from EUNIS e-Learning Task Force

Presented by Dr. Gill Ferrell and Steffi Engert
on behalf of the ELTF

Collective paper based on scenario planning using the World Café approach (as in 2010) at the meeting of the ELTF in Porto

Main Findings

E-Learning Task Force

- Many common themes
- Similar Experiences and conclusions
- High level exchange of experience
- Relating experience to strategic and policy issues

Main Findings

E-Learning Task Force

- Focus on Delivering Benefits for
 - Creating and sharing knowledge
 - Scholarly Interaction in and across universities
 - Supporting informal and formal learning, centred on the learners
 - **Facilitating Flexibility, Mobility and Transitions**

Main Findings

E-Learning Task Force

- Overcoming Barriers
 - Digital Literacy
 - Change Management & Staff Development

Main Findings

E-Learning Task Force

- Focus on Delivering Benefits for
 - Creating and sharing knowledge
 - Scholarly Interaction in and across universities
 - Supporting informal and formal learning, centred on the learners
 - **Facilitating Flexibility, Mobility and Transitions**

Main Findings

E-Learning Task Force

- Outlook
 - Physical/virtual campus blurring – mobile learning
 - Learning spaces a la Porto E-Learning Café
 - New Financial Models

E-Learning Task Force
